# Regulations respecting Foreign Orders.

1. **No Subject** of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

# Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Field Marshal Commanding in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

ARMY CIRCULARS—*continued.*

in accordance with the scale given in Article 9 for "straw when paillasses are not issued."

38. When troops are encamped on the line of march for only one or two nights, neither straw nor extra blankets need be issued to them. Should, however, the state of the ground render it necessary, in the opinion of the senior medical officer, that straw should be issued, a quantity not exceeding that allowed for a first issue, "when paillasses are not issued," may be issued by order of the officer commanding the troops, on the certificate of the senior medical officer that it is indispensably required for the health of the troops.

39. Thirty trusses per troop or company will be allowed on first taking the field when required for thatching the women's huts.

40. Two trusses per troop or company will be allowed for bâtmen or servants, not being soldiers; and three trusses per troop or company for the washerwomen not having paillasses,—to be renewed every 16 days.

41. For the sick in the Regimental Hospital, the straw will be changed as often as it may be deemed necessary.

42. The use of mats is recommended in preference to loose straw. Good *oat straw* is the most suitable for mats, and for camp bedding generally.

Supposing from twelve to fourteen men are placed in each tent, two trusses of 36 lb. each for every five men will give to each tent about 180 lb. of straw. This will generally be found sufficient to make mats; but if from the quality of the straw, or other causes, a larger supply in the first instance should be deemed indispensable for this purpose, it is left to the discretion of the officer commanding to direct the issue of an additional quantity, provided the total amount supplied for the twenty-four days does not exceed four trusses of 36 lb. each for every five men, an allowance which is considered sufficient even during the prevalence of heavy rains, but if the weather should be fine and dry less will be required.

43. Whether mats are used or not, only such a quantity of *straw as may be absolutely necessary for the comfort of the men will be drawn*, as it causes much litter in the camp.

44. Although the scale in Article 9 allows straw to be refreshed or renewed after the expiration of a certain number of days, commanding officers will use their own discretion in ordering the refreshing or renewing of straw in cases where the camp is to break up a few days after the expiration of the time allowed for the straw in use.

## Cl. 74.—Command and Extra Duty Pay (Mixed Detachments on Board Ship).

*Command Pay.*

1. Command pay at the rate of 1*s.* 6*d.* a day will in future be allowed to the officer commanding a mixed force, on board ship, proceeding to or from a foreign station; provided the strength of such detachment shall not be less than 250, including non-commissioned officers and rank and file.

*Extra Duty Pay.*

2. Extra duty pay at the rate of 2*s.* a day will, under the same circumstances, be issuable to the officer acting as Adjutant or as Adjutant and Quartermaster.

3. Extra duty pay will also be allowed to the men at the following daily rates, under the circumstances specified below:—

*a.* To the non-commissioned officer acting as Serjeant Major, Quartermaster Serjeant, or Provost Serjeant, to a mixed detachment of various corps, on board ship, proceeding to or returning from a foreign station, provided that in no case the total emoluments exceed the rate of pay affixed to the regimental rank:—

*When the strength of such detachment shall not be less than 250, including non-commissioned officers and rank and file* ... ... ... 6*d.*

*When the detachment shall consist of less than 250, but not less than 150 non-commissioned officers and men* ... ... ... ... ... 4*d.*

*b.* To the Acting Hospital Serjeant, or Acting or Temporary Orderly to a mixed detachment of various corps, on board ship, proceeding to or returning from a foreign station, provided that the detachment shall consist of not less than 150 non-commissioned officers and men ... ... ... ... ... 4*d.*

c. In the case of drafts proceeding to or from India, when the proportion of serjeants and corporals, calculated on the total strength of the mixed detachments, does not amount to one in thirty of each grade, soldiers may be appointed to act temporarily in the above capacities, to complete the said proportion; and their pay may be made up to that of the grades in which they act.

4. In the case of a voyage from this country, one claim for all the command or extra duty pay admissible under these regulations, will be submitted by the officer commanding the detachments to the general or other officer commanding at the station where the detachments disembark, who will authorize some one accountant on the station to issue the amount sanctioned by regulation, and to debit the same against the proper head of service in the next pay list rendered to this department.

5. The charge will be vouched by a certificate of the numbers of men on board, the necessary statement of particulars, the authority of the general officer, and proof of payment.

6. Should the detachments disembark in India, the amount of the charge will be deducted from the total of the next remittance return forwarded to this office, but it will be vouched as prescribed in paragraph 5.

7. A notification of the amount authorized will be made by the general officer to the Secretary of State for War.

8. In the case of a homeward voyage a single claim will be preferred for all the command and extra duty pay admissible for the voyage, and such claim will be made on board the ship, at the termination of the voyage, by the officer in command of the detachments, whether of time expired men of invalids), and will be forwarded by him to the War Office, through the Commandant at Netley.

## Cl. 75.—Expenditure on account of Military and Naval Officers and Men employed on Navy and Army service respectively.

1. The following arrangements which have been made between the War Office and the Admiralty regarding expenditure on account of military and naval officers and men employed on navy and army service respectively, are communicated for the information and guidance of controllers of army expenditure and military accountants.

2. All pay, allowances and other expenses on account of seamen and marines, whether afloat or on shore, will be defrayed from naval funds under the orders and regulations of the Lords Commissioners of the Admiralty, except in the case of their being landed from cruisers at a foreign station to occupy a military fort or garrison in the absence of troops, when the charges for their extra allowances will be defrayed from army funds.

3. When army officers or soldiers are employed on *bonâ fide* naval service, or naval officers or men are employed on *bonâ fide* army service, the branch which obtains the benefit will bear the expense of any local allowances, or extra or working pay to which the said officers or men may be entitled by the regulations of their own department.

4. All payments, which may be due under § 2 and 3, will be made by the accountant or paymaster of the department to which the claimants may belong, and subsequently adjusted between the War Office and Admiralty in London, but the pay lists or other vouchers will be certified to be correct, in respect of the periods charged for, or the services rendered, by the officers under whose directions the officers or men may have been employed.

5. All payments that may be hereafter made by military accountants, under § 4, for extra pay or allowances to army officers or men for services performed for the Naval Department, will be charged in their accounts current, under the head of "Lords of the Admiralty, Repayments," and care will be taken that all pay lists, or other vouchers for such payments, are supported by the certificates required by that paragraph.

## Cl. 76.—Reports of Unauthorized Expenditure and Issues.

All reports of expenditure or issues not authorized by regulations, or otherwise requiring the sanction of the Secretary of State for War, which may be recommended or approved by officers commanding on foreign stations, will in all cases be submitted through these officers, and not directly by heads of departments, accompanied by the grounds upon which the recommendation is made.

### Cl. 77.—Advance Pay.

In view of the arrangements for sending troops to India overland, the Secretary of State for War has decided that, for troops proceeding *vid* Egypt, the advance of pay shall be limited to forty days.

### Cl. 78.—Married Soldiers' Allowances.

It is not necessary to apply for special authority for charging the travelling expenses of soldier's families, regulated in Clause 50, § 42 to 51, Army Circulars, 1867.

Such charges will be made in the paymasters' accounts, subject to future audit, supported by the following vouchers:—

1. Full particulars of the circumstances under which they travelled, and the order, or a certified copy thereof, under which the movement took place.
2. A certificate that the women are on the strength of the married establishment.
3. A certificate, in the case of movement of troops, that no commuted allowance for carriage of baggage has been or will be charged for the journey.

### Cl. 79.—Ship Rations for Native Servants.

The Secretary of State for War has decided that officers shall be charged for the rations of their native servants on board ship half the daily stoppage paid on account of European servants, viz., 4½*d.* instead of 9*d.*

The Secretary of State for India has adopted the same rule for native servants on board Her Majesty's Indian troop ships.

This regulation is applicable only to India, China, and Ceylon.

### Cl. 80.—Clothing.

With reference to Article 23 of the Revised Clothing Warrant, dated 2nd January, 1865 (Circular 891), an army schoolmaster attached to a regiment of the line or rifle corps, serving at the Cape of Good Hope, St. Helena, China, a Mediterranean station, Australia, New Zealand, Ceylon or Mauritius, will receive one frock coat biennially, and one serge frock in the year in which the frock coat is not issued.

In the year in which the serge frock is supplied in lieu of a frock coat, the schoolmaster will receive 13*s.* as compensation for the difference in value between the two garments.

## BARRACK DEPARTMENT.

### Cl. 81.—Equipment of Married Soldiers' Rooms.

The addition of one tin water-can and one coal-tray to the equipments for married soldiers' rooms, authorized by § 50, Cl. 26, Army Circulars, 1867, has been approved.

## STORE DEPARTMENT.

### Cl. 82.—Transmission of Stores.

Much inconvenience having been experienced at Woolwich in consequence of Tower and Woolwich stores being consigned in one voucher instead of separately, as directed in Circular No. 660, dated 31st January, 1861, officers sending stores will be particular to pack Tower, Woolwich and Pimlico stores separately, and transmit separate bills of lading and schedules for each description.

Stores for the Tower and Pimlico will be consigned to Woolwich "*in transit*" only.

## HOSPITAL DEPARTMENT.

### Cl. 83.—Cholera Instructions.

## APPENDIX TO CLAUSE 83.

## *INSTRUCTIONS to Commanding, Medical, and other Officers of the Army, for their Guidance at a time when there is reason to anticipate an OUTBREAK OF CHOLERA, or when it is actually prevalent among the Troops.—War Office*, 1867.

### INSTRUCTIONS.

Officers whose duty it is to see to the health and comfort of the troops are especially required to exercise the utmost vigilance at a time when cholera is prevalent, or when there is reason to believe an outbreak may be expected.

### I.

### *Measures to be adopted in anticipation of a threatened invasion of Epidemic Cholera in Military Stations.*

1. Medical officers will make themselves acquainted with every arrangement of their corps, and the condition of every locality in and about the barracks, in order that they may be in a position to suggest, for the consideration of their commanding officers, not only improvements in ordinary matters, but arrangements of a more temporary character, applicable to an exceptional period.

2. Nuisances will be removed and cleansing enforced *outside* barracks, and with this view local boards or persons entrusted with powers to remove nuisances will be called upon to put their powers in force.

3. As much space as is practicable will be afforded to each individual in barracks; on this account any existing misappropriations will be restored to their proper use.

Should any alteration be made in the appropriation of rooms in barracks or hospitals that has been sanctioned by the Secretary of State for War, the barrack master or purveyor will report the alteration to the Secretary of State without delay.

4. Careful attention will be paid to the ventilation of all the barrack buildings by enforcing the full use of the means of ventilation, in keeping open all apertures intended specially for ventilating purposes, and by calling the attention of the authorities to any structural defects.

5. The instructions laid down in the Queen's regulations regarding the cleansing and supervision of barrack rooms will be carefully observed. The floors of the rooms will not be washed in wet weather. The regular airing of bedding and its exposure out of doors in fine weather will be attended to; and if epidemic cholera appears in the country it will be desirable to cleanse and limewash ceilings and walls of all barracks, hospitals, quarters and stables. Walls of barracks, &c., that have been recently limewashed will not be limewashed again without the previous sanction of the Secretary of State for War; nor will walls be limewashed by civil labour without similar authority.

6. All sewers, latrines, urinals and ashpits will be inspected frequently, and their cleanliness ensured by an efficient system of frequent flushing and cleansing; any

ARMY CIRCULARS—*continued.*

accumulation in such places will be scrupulously removed, as it must be borne in mind that during the prevalence of an epidemic it is injudicious to disturb old accumulations. A free use of lime is enjoined.

All drains and sewers connected with barracks or hospitals, not otherwise flushed, will be flushed daily by hose, if there are waterworks, or by pails or tubs of water carried by hand if there is no such source of supply. The volume of water used may vary from five gallons to fifty gallons, according to the cross sectional dimensions, length and gradient of the drain or sewer to be flushed. The water should be poured in suddenly, so as to cause a scour.

Sewers and drains with open outlet ends should have the outlets protected by a flap or valve, to prevent sewer air being blown into the buildings.

7. Every source of water supply will be investigated, and the possibility of contamination, by percolation from sewage or from surface impurities, looked to; an examination will be made of the water, and any such impurity detected in it will at once preclude its use for drinking or cooking purposes.

8. Attention will be directed to the soldiers' rations, and care taken that they never fall below the standard quality; the men will be enjoined to be careful as to what they eat; and the purchase of any articles deemed indigestible or deleterious to health will be discouraged as much as possible.

9. As much variety as possible will be afforded in the cooking of the rations.

10. The canteen will be frequently visited, and its supplies carefully examined.

11. It will be unnecessary for medical officers to recommend any change in the ordinary duties of the men, as long as they are not excessive. They will, however, suggest the advisability of reducing the night duties to the minimum that the necessities of the station will permit, and point out to the commanding officer that any duty subjecting the men to wet clothes or wet feet should be avoided when possible. When exposure is unavoidable, the men should be directed to change the wet articles of clothing as speedily as possible.

12. Medical officers will make frequent inquiry as to the existence of diarrhœa amongst the men; and in the event of affections of the bowels being prevalent will enjoin an immediate application to hospital for medicine, not necessarily with the view of the men being detained in hospital.

## II.

### *Additional Measures to be adopted when the Disease has appeared among the Inhabitants in the Vicinity of a Military Station, or among the Military of the Station.*

13. The occurrence of cholera in places where troops are stationed will be immediately reported to the Director General by the principal or senior medical officer, without waiting for its appearance being officially announced by the local board of health.

14. A daily report, as accurate as can be obtained, of the progress of cholera amongst the civil population of places where troops are stationed will also be required from the principal or senior medical officer.

15. The men will be prohibited going into infected districts, and pickets will be placed to prevent them. Under exceptional circumstances it may be advisable to confine the troops to barracks, and prohibit any but the most necessary intercourse with persons outside.

16. Where there is reason to apprehend that the health of families living out of barracks would be endangered, such families may be brought into barracks, if it be possible to do so without overcrowding. If the season permit they will be encamped, or, if there be danger of overcrowding, houses in healthy positions will be hired. Families of men married without leave will not be brought into barracks without special sanction. When the senior medical officer thinks it necessary to bring such

families into barracks he will apply to the officer commanding, who will forward his report, with that of the barrackmaster, to the general officer commanding, by whom it will be transmitted with the opinion of the principal medical officer and district barrack master, and his own recommendation, for the consideration of H. R. H. the Field Marshal Commanding in Chief and the Secretary of State for War. In case of emergency the general officer commanding may order such married people at once into barracks and apply for covering instead of previous authority; but no expense is to fall on the public without previous authority.

17. Good fires will be provided in the barrack rooms to increase ventilation and to diffuse cheerfulness, which last should be promoted in every way.

The intermediate allowance of fuel will be issued during the summer months, and the winter allowance during the intermediate months, on the weekly certificate of the principal medical officer and officer commanding, that from the prevalence of cholera among the troops at the station or in its vicinity such increased allowance is necessary.

18. In old and defective barrack or hospital buildings, where there is reason to suspect that injurious emanations proceed from the sewers, at a time when cholera has appeared in the vicinity and where sinks, waste-water pipes from tanks or watercloset communicate direct with such sewers or drains, application will be made to the proper authority to have the drain connexion broken externally, so that the drain or sewer may have full means for ventilation into the open air, at a safe distance from and to leeward of the buildings.

19. Disinfectants, such as chloride of lime, preparations of carbolic acid, perchloride of iron, or other approved preparations, will be used twice each day in latrines, urinals, sewers, ash-bins, and other similar places, on certificate of necessity by the principal medical officer. A non-commissioned officer with a fatigue party will be instructed in the performance of this duty, which will be rigorously carried out, and either the quartermaster or orderly officer will be responsible for its execution. Disinfectants will be issued from the barrack department on the spot on the principal medical officer's certificate.

When time permits, the barrackmaster will apply in the usual manner for previous authority before incurring expense for disinfectants; but in case of emergency he will obtain such a supply as may be necessary for immediate use, and apply for covering authority, and for such further supplies as may be required.

It is to be observed, however, that if barracks are kept in proper sanitary condition, they are the last places in which special disinfectants are required, and disinfectants must never be used as substitutes for cleanliness in barracks. The lavish purchase of disinfectants on the ground that isolated cases of cholera have appeared in the country will not be sanctioned.

The best means of applying the disinfectants are explained at pages 361 and 362.

20. Married men (if out of mess) will each be provided with a ration the same as the single men.

21. The men will be cautioned against intemperance, and every means adopted to repress it; with which view, night passes will be prohibited.

22. Tea or coffee will be issued to the men before going on morning or night duties, on a weekly certificate by the principal medical officer that the issue would be beneficial to health; and every man will have his breakfast, if possible, before leaving his barrack room for parades or other duties.

23. On the occurrence of a case of cholera among the troops, a report will be forwarded by the senior medical officer to the Director General, and continued daily until further orders.

24. Questions of importance not admitting of delay may be telegraphed to the Director General by the principal medical officer.

25. On any appearance of cholera in a corps, the troops will be camped out when practicable, provided the season of the year will permit of it; good ground being selected beforehand, and arrangements made by the Quartermaster General's department.

ARMY CIRCULARS—*continued.*

26. Health inspections will be made at morning and evening parades, and a daily inspection of every individual attached to the regiment, but the avoidance of all unnecessary alarm cannot be too strongly enjoined.

27. Each soldier will be provided with two cholera belts as part of his necessaries. Flannel shirts ought also to be worn.

28. It is very desirable, during the prevalence of cholera, to boil all drinking water, and to filter it through charcoal when a filter is available.

29. The minds of the men will as much as possible be occupied and amused. Every game or employment tending to recreation, or to induce healthy exercise, should be promoted. Occasional marches for short distances into the country, without arms, may be advisable.

30. Diarrhœa will be most carefully attended to during the prevalence of cholera and non-commissioned officers will be instructed to order all men to hospital whom they may detect suffering from looseness of the bowels. Sentries will be placed in the vicinity of latrines, and men found going twice in quick succession to the rear will be sent to hospital immediately. For the better detection of this usually painless affection, tickets will be provided for the men, and every time a man goes to the rear he will hand one of them to the sentry; but a man not having his ticket will be allowed to pass, and his name will be reported to the orderly serjeant. A room for observation in hospital will be provided for such men, and their motions treated as in the case of cholera patients. Medicine will be kept prepared for issue to such cases, day and night; and, to avoid delay, a supply will be placed in the hands of non-commissioned officers in barracks to be administered to men while preparing to go to hospital.

31. The place whence a patient is taken from barracks will be thoroughly washed, and, if deemed necessary, fumigation will be made by chlorine or nitrous acid gas, in accordance with instructions at pages 361 and 362. When suspicious cases, or cases of cholera, are removed to hospital, their barrack bedding will be taken with them for use in hospital; each such case being reported to the barrack-master in order that the bedding may be properly charged.

32. If it be found that any preponderance of cases of cholera or diarrhœa occurs in any building or room, the medical officers will carefully examine the locality, with a view to detecting and remedying if practicable any insanitary condition. The building or room will be vacated, and fumigated with chlorine, nitrous or sulphurous acid gas. (See instructions at pages 361 and 362.) The walls, ceilings and floors will be scraped and cleansed, and the two former limewashed before re-occupation.

The fumigation of rooms on account of cholera will be specially conducted under a medical officer with the assistance of the barrack department.

33. When cases occur in camp, the ground will, if possible, be changed, as so successfully practised in India, but where this may be impracticable, as will usually be the case at home, the tents should be struck and the ground cleansed and aired before re-pitching them.

34. If the troops are not camped out, the regimental hospital will be appropriated to the treatment of cholera, and the ordinary cases of sickness accommodated in barracks, in rooms set apart and equipped for the purpose; or where this cannot be done, in a hired house. An application for carrying out the latter arrangement will be previously submitted to the Director-General. Should the troops be encamped, all the sick will be treated in tents, the tents for cholera patients being placed in an isolated position.

35. Medical officers will visit their hospitals frequently. They will be required to be always available for any sudden call on their services, and when cholera prevails in the corps, they will not leave the barracks, except under imperative necessity.

36. Cases among the wives and children of soldiers will be treated in the female hospital, where such institutions exist, provided the regiment is not camped out. In stations where there is no female hospital, application will be made to the proper authorities for a room to be provided for the accommodation of such cases.

37. The women will be warned that if they or their children are attacked with diarrhœa they must at once go to hospital.

Digitized by Google

ARMY CIRCULARS—*continued.*

38. The patients' barrack bedding will be used in hospital. The purveyor will provide paillasses and pillows with straw in the event of a change being requisite. All the hair mattresses and pillows will be removed from the hospital, to equip the rooms set apart for the treatment of the ordinary cases of sickness when cholera attacks the troops.

39. When the barrack bedding is no longer required for use, the straw will be burnt, and the bedding disinfected before being removed from the hospital enclosure, and treated in accordance with paragraph 7, page 40, Medical Regulations (boiling water being used). The foregoing is applicable to hospital sheets, blankets, clothing and other such articles of hospital equipment as may be used. But such portions of the soldier's kit as cannot be so treated will be exposed to the air and sun, fumigated and beaten.

40. The stools and vomit will be passed into vessels and deodorized, at once removed and carefully buried deep at a distance from any source of water supply, or thrown into a latrine set apart for the purpose, which should not for the time being be used for any other purpose. Care will be taken that no other latrine or watercloset is so used.

41. The attendants upon cholera patients will not be taken from this special work to attend on other cases of disease so long as cholera may exist in the barracks or hospital. They will be enjoined to wash their hands well whenever they have been in contact with the discharges of the sick.

42. Corpses will be removed to the dead-house without delay, and buried as soon as possible, but never conveyed to the graveyard on men's shoulders.

43. Post-mortem examinations will be performed in such cases and under such modifications as may be necessary.

## III.

### *Disinfectants recommended for use in Barracks.*

QUICK LIME.
CARBOLIC ACID.
CHLORIDE OF LIME.
COMMON COMMERCIAL PERCHLORIDE OF IRON.

Quick lime, fresh burnt, to be used either in powder or mixed with water in the proportion of about twelve times its bulk.

Carbolic acid, in the proportion of one gallon of acid to fifty gallons of water or to 100 gallons of water.

Chloride of lime, mixed with water, in the proportion of about a pound to the gallon. Or of the solution ordinarily sold, from a pint and a half to two pints in a gallon of water.

The common commercial liquid perchloride of iron, in dilution with water, in the proportion of one part to ten.

It is considered that any of the foregoing are well adapted for the above purpose; many other disinfectants are also valuable, but the expense of most of them would preclude their use on a large scale.

Solutions of carbolic acid or perchloride of iron are only to be used for sewers, latrines and urinals after these have been flushed with water.

It is considered that about 100 gallons of a solution of carbolic acid, of the strength given above, would be sufficient for disinfecting purposes, in a barrack containing one or two regiments, for a day.

From half to one gallon of the solution of the liquid perchloride of iron, of the strength proposed, would be sufficient for a latrine.

N.B.—There being no American drill for the frocks and trousers in store at Pimlico, steps will at once be taken to procure a supply, either from the India Store Department or by contract. ## 78.—Musters.

The Secretary of State for War having brought to the notice of the Field Marshal Commanding in Chief several instances of irregularities in the manner of taking the musters of regiments, and disregard of the instructions on this subject, which have resulted in loss to the public. His Royal Highness is compelled to draw the attention of commanding officers of regiments to the regulations for the mustering of regiments contained in Articles 34 to 38 of the War Office Explanatory Directions of 1848, and to direct that they be rigidly adhered to.

Those articles are as follows:—

"34. On the last day of each month the Paymaster is to muster the regiment or "corps to which he belongs. When the last day of the month falls on a Sunday, the "muster is to be taken on the following day. The roll for the muster is to be prepared "by the Adjutant, with the names of all the men in each respective rank in alpha-"betical order, so that they may stand in the same order on the muster roll as in the "quarterly pay list.

"35. In taking the muster the Paymaster is carefully to state the following par-"ticulars:—

"(i.) The absence of any officer without leave in the course of the month.

"(ii.) The precise dates of enlistment of recruits, or of the transfers of men from "other regiments or corps.

"(iii.) The reasons and duration of absence, and causes of broken periods.

EN. ORDERS—*continued.*

" (iv.) The date on which any man ceased to belong to the corps, and the cause
" thereof, whether by discharge, desertion, transfer, death, &c.
" (v.) Against men of the same name, the trade and birthplace of each.
" (vi.) The regimental number of every soldier.
" (vii.) The situations held by soldiers other than those in which they are
" mustered.
" (viii.) Against the names of soldiers in possession of distinguished marks for
" good conduct, without good conduct pay, G. 1, G. 2, G. 3, G. 4, G. 5,
" G. 6, according to the number of marks of which they are in possession.
" (ix.) And generally any remarks that may tend to make the roll an accurate
" record of the situation of those non-commissioned officers and men
" who have not been actually present and on duty during the whole of
" the period.

" 36. The record of muster is to be kept upon a form applicable to each quarterly
' period, and the commanding officer will be held responsible for the safe custody of the
' roll, and that it be forthcoming whenever required by the War Office.

" 37. Each muster is to be kept entire and distinct; and it is the duty of the com-
' manding officer to be present at the monthly muster, and to cause it to be closed
' immediately after it shall have been taken and the certificate signed and dated
' according to the form prescribed.

" 38. The muster rolls are not required to be transmitted to the War Office by any
' regiments, except those in India."

## 79.—Deserters.

I. The following regulations regarding deserters are to be substituted for paragraphs 8 to 15 inclusive, pages 171-2 of the "Queen's Regulations and Orders for the Army, 1859.

The following Horse Guards' Circular Memoranda and General Orders are also hereby cancelled:—

| | | | |
|---|---|---|---|
| Circular Memorandum | 9, | dated | 22nd February, 1860. |
| " " | 36, | " | 25th May, 1860. |
| " " | 54, | " | 21st July, 1860. |
| " " | 234, | " | 2nd December, 1862. |
| General Order | 32, | " | April, 1867 (New Series). |

II. When a soldier serving in any corps is discovered and identified as a deserter from another corps, the officer commanding the former is to transmit to the Secretary of State for War a descriptive return of such deserter (W. O. F. 88); if at home, he is, instead of handing the man over to be dealt with by the civil authorities, to detain him in the guard-room until the proper measures shall have been adopted for disposing of him; and if abroad, the deserter is to be forthwith tried, provided there be evidence forthcoming to convict him, and, after the expiration of his sentence, he is to be retained in the performance of his duties, until the pleasure of the Commander in Chief as to his disposal shall be ascertained.

III. When a soldier serving in any corps confesses that he is a deserter from some other corps, his confession, attested by his commanding officer, is to be recorded; if at home, he will be detained in the guard-room, and a report with descriptive return (as W. O. F. 88) will be forwarded to the Secretary of State for War with a view to measures being taken for his disposal; if abroad, and evidence of the truth or falsehood of his statement is not immediately forthcoming, he is to continue—for any length of time—to do duty until legal proof of the truth or falsehood thereof can be obtained; in either case, if the statement is found to be true, he may be tried either in the corps in which he is serving, or in that to which he originally belonged, for desertion; and, if false, for making a false statement to his commanding officer.

IV. When a person not serving as a soldier is apprehended on suspicion of being a deserter from the Army, or surrenders himself as such, he is, in accordance with the provisions of the Mutiny Act, to be forthwith taken before a magistrate, who will decide whether the evidence is sufficient to warrant his committal to civil custody until removed by an order from the Secretary of State for War. In the case, however, of such a deserter surrendering himself to the corps to which he belongs, the com-

manding officer is forthwith to report such surrender to the Secretary of State for War, and to proceed against the man according to the degree of his offence.

V. Every deserter is to be examined by a medical officer, whose opinion as to his fitness for military service is to be annexed to the report sent to the War Office; if unfit for service the cause of unfitness is to be specified. Where the services of a regular military surgeon, either on the spot or within a reasonable distance, cannot be made available for this duty, a militia medical officer will, if possible, be employed in preference to a civilian surgeon.

VI. When a soldier serving in any regiment is given up to another corps as a deserter therefrom, his kit is to be sent with him and his account will be settled between the captains, as in cases of transfer. In cases where the deserter is handed over from one branch of the service to another, such articles of his kit as cannot be made use of in the corps which he is to join, are to be sold, and the proceeds remitted to the captain of his future troop, battery or company, to be credited to the man's account. In all cases the debt contracted by a soldier, for replacing the kit made away with by him on deserting is to be allowed precedence over other public debts; care must, however, be taken in each case that the soldier's liability to the public for fraudulently obtaining bounty on his re-enlistment be duly noted against him, and that the amount of such liability be recovered so soon as the debt on account of his necessaries is liquidated.

VII. The detachment for the escort of a deserter is, as a general rule, to consist of one corporal and one private. When parties of two or more prisoners are to be removed from one station to another by railway or other conveyance, the number of privates to form the escort need not in ordinary cases exceed half the number of prisoners.

VIII. When a soldier serving in any regiment is ordered to be given up as a deserter from another corps, the escort taking charge of him should always include the witnesses required to prove his fraudulent re-enlistment and receipt of bounty.

IX. Escorts are answerable for the safety of deserters entrusted to their charge. All deserters are to be handcuffed, and for this purpose the escort is to be provided with hand-cuffs from the regimental stores. Whenever a fresh supply of hand-cuffs is required by a regiment, application should be made to the War Office.

X. When a deserter is authorized by the Commander in Chief to be discharged on account of unfitness for military service, or for any other cause, a certificate according to the prescribed form is to be given to him, in order to prevent him from being again apprehended, and from putting the public to any further expense on his account.

## 80.—Notices of Movement. (*Quarter Master General.*)

With a view to ensure prompt arrangements being made by the Commissariat Department for the supply of rations to troops under orders to move, the Field Marshal Commanding in Chief desires that the following instructions may be strictly observed by commanding officers on all occasions.

I. When troops move from one station to another in the same district, the officer commanding the troops moving will, immediately on receiving the order to march, forward a notice on the annexed Form [Appendix A.] to the Commissariat Officer of the district.

II. When the troops are moving out of the district, this notification is in like manner to be made to the Commissariat Officer of the district which the troops are leaving, as well as of that to which they are proceeding.

III. When any alteration in the date of movement takes place after the notice has been sent by the commanding officer, he will be careful to forward an immediate notification of such change to the Commissariat Officers concerned.

## 81.—H. M. Troop Ships. (*Quarter Master General.*)

Officers embarking in charge of troops on board H M. troop ships, are directed to use every effort to prevent an infraction of Article 23 of the "Regulations for H. M. Troop Ships," which states that

"No dirt or fragments of provisions are ever to be thrown about the decks, or out of "the ports or scuttles, but are to be carefully swept up after each meal and thrown "overboard from the proper place on deck."

## 82.—Recruiting.

The standard for gunners of the Royal Artillery for men between the ages of 18 and 25 years, is raised from 5 feet 6 inches to 5 feet 7 inches.

Growing lads from 17, but under 18 years of age, and artificers, may be enlisted from 5 feet 6 inches and upwards.

## 83.—Arms.

Officers commanding regiments requiring the special files comprised in List B. in the Appendix to clause 70 of the War Office Army Circular of the 1st instant, are hereby directed to apply for them direct to the Local Military Store Officers in the several commands, so as to avoid needless correspondence and unnecessary delay in making the supplies desired.

## 84.—Musketry.

With reference to the "Schedule of Articles authorized for the Musketry Instruction of a Battalion" contained in the Revised Musketry Regulations, 1st February, 1867, page 126, it is hereby notified to the Army, that the column headed "Cost of each Article," as well as all references to prices in the column of "Remarks," are cancelled by the revised price list of Barrack Stores, promulgated by the Secretary of State for War in the Appendix to clause 23 of Army Circulars, 1867, to which special attention is now drawn.

## 85.—Horse Appointments.

Officers commanding Cavalry regiments in camps where horse blankets are worn as clothing, are to instruct their Quarter Masters to cause them, when torn, to be repaired at the saddler's shop; worsted tape for the purpose will be supplied on requisition from Woolwich. Nose bags should also be kept in repair by the saddlers.

## 86.—Saddlers.

As considerable difference of practice appears to exist in Cavalry regiments as to the attendance of saddlers at drills and parades, the following arrangements are to be adhered to in future, viz.:—

The saddler-serjeant to attend Divine service, all regimental inspections of saddlery and commanding officer's foot parades, once a week.

The assistant, in addition, is to attend general horse parades and one mounted parade a week.

## 87.—Postage of Officers' Letters.

I. The following extract from a Treasury Warrant, dated 27th September, 1867, reducing the rate of postage on the letters of military officers serving in the colonies or India, from the 1st January, 1868, is promulgated to the Army for general information.

II. Attention is particularly directed to articles 8 and 9, which specify the conditions under which the reduction will be made.

# Regulations respecting Foreign Orders.

**1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.**

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

# Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration o any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Field Marshal Commanding in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

With reference to the clause in the preamble of the Royal Warrant of February 3rd, 1865, which prohibits the issue of pay unless it be claimed within one year of the time at which it becomes due; and to Article 800, which requires the issue of good conduct pay at the time at which it becomes due, although no claim shall have been made by the soldier; the Secretary of State for War desires it to be notified, that in the absence of such claim and issue, good conduct pay must come under the clause in the preamble, and be forfeited unless issued within the year.

Commanding officers are directed, therefore, to take such steps as will prevent such forfeiture when, owing to ignorance of the regulations, claims are not made by the soldiers under their command at the proper time.

### Cl. 88.—Travelling Allowances of Schoolmasters.

Articles 29 and 33 of the Army School Regulations, 1863, War Office Circular, 840, are hereby cancelled. The following regulations will be substituted in lieu thereof:—

1. Schoolmasters will be granted personal allowance at the rate of 3*s.* 6*d.* a day while travelling on duty without troops by land, river or coastwise to join their regiments or to visit detachment schools; and they will, in addition to the above personal allowance, be reimbursed the actual and necessary expenses of travelling by railway or steamboat, in second class passengers, or by any other conveyance, as ordinary passengers.

2. When a schoolmaster (not being a superintending schoolmaster) is ordered to proceed to a foreign station *with troops*, he, with his wife and family, will receive the same accommodation and victualling as that allotted to 1st class Staff Serjeants of similar rank, and their families, and he will be subject to a deduction for rations of 6*d.* a day for himself only.

3. If ordered on foreign service *without troops*, he, with his wife and family, will be allowed intermediate or second class accommodation and messing at the public expense. GEN. ORDERS—*continued.*

## 92.—Discharges.

Several instances having occurred of men having been brought forward for discharge as unfit for further service on account of the loss of an eye, attention is called to the rule on the subject laid down in Clause 8 of the Pension Warrant, dated 23rd July, 1864.

## 93.—Medical Officers.

1. Medical officers are for the future to be exempted from serving as members of all boards, except medical boards.

Should a medical opinion be required by a military board, reference must be made to the medical officer, who will furnish his report in writing, or give evidence in person if thought necessary.

2. Medical officers having the relative rank of Field Officer are to provide themselves with chargers and horse furniture, and to appear mounted when required to attend parades.

3. On official occasions, when guests are invited to a mess in the name of the officers of a regiment, the senior combatant officer must always preside; and no second place is to be recognized.

## 94.—Recruiting.

The number of boys and lads on the strength of a regiment not doing duty in the ranks, not mustered as trumpeters, buglers or drummers, and not included in the regular quota of musicians, should be in future shown at foot of "State of Regiment" in the Monthly Return of Recruits raised at Head Quarters, War Office Form 847.

## 95.—Recruiting (*Referring to G. O. 82, Recruiting, October Series*).

The standard for gunners of the Royal Artillery is raised from 5 feet 7 inches to 5 feet 8 inches and upwards. Growing lads, from 5 feet 6 inches to 5 feet 7 inches and upwards; and artificers may be enlisted from 5 feet 7 inches and upwards.

## 96.—Ammunition.

Instances having occurred in which serious damage has been done to Snider converted breech-loading rifles by the use of unsuitable ammunition, officers in command are hereby enjoined to forbid the troops under their orders using any ammunition except that provided by Government, which alone is suited for the arm.

## 97.—Musketry.

I. Par. 27, p. 17, of the Musketry Regulations is to be read as follows, viz.:—

27. General officers are to give their special attention to the musketry instruction of troops in their commands, and bring to notice every instance of neglect therein. They are to require the inspectors of musketry to accompany them, when practicable, on their tours of inspection, for the purpose of furnishing any information they may require, to enable them to reply to the several questions, in their confidential reports, in regard to the "instruction of officers and men," and the "exercise of arms;" and on these occasions, the officers of companies whose figure of merit is below 80 are to be required to furnish such explanation as they may be able to give of the causes of such bad shooting. If these explanations appear unsatisfactory, or afford ground for supposing that the officers are not acquainted with the theory and practice of musketry, or familiar with the prescribed system of instruction, the inspecting general will, if he think it advisable, require the officers to be further examined by the district inspector, or some other competent officer. When the general is not accompanied by the district inspector, the cause of absence is to be explained in the confidential report.

II. The following will be paragraph 28:—

28. Whenever the shooting of a corps or company is reported by the inspector as "bad," the attention of the commanding officer is to be called to the subject by the general commanding the division or district, and the non-commissioned officers of such corps or company are to be assembled once a week, for half an hour after morning parade, for the purpose of being trained under the regimental instructor or his assistant, in the "method of communicating instruction," as taught at Hythe, and in the platoon exercise and position drill,—the number of non-commissioned officers attending each drill being entered in the Monthly Musketry Diary.

III. The present paragraph 28 is to be numbered 29.

**RECRUITING.**

# The Advantages given to Young Men who serve Her Majesty as Soldiers.

1. A Soldier, from his first joining the Army, receives, besides his lodgings, food and clothing, a weekly sum, quite at his own disposal, of two shillings and sixpence, or more.

2. After three years' service, if his conduct be good, he further increases that sum, by 7*d.* a week, and again in every successive five years.

3. If the Soldier should qualify himself, he will be before long promoted, and thereby receive further remuneration.

4. When sick he has good medical advice with every comfort.

5. After twelve years he can leave the service.

6. After the first Eight years' service, should he feel inclined, he may give notice of his wish to remain twenty-one years as a Soldier, and if permitted by his Commanding Officer to enter into such further engagement he will, from that date, receive an additional penny a day.

7. After the Soldier has completed twenty-one years' service, he is discharged with a pension for life.

8. During the time of his service he has the advantage of school instruction, reading and recreation rooms, and out-door games.

9. The usual periods of Service Abroad are so arranged that the Soldier has an intermediate period of Home Service, and these changes enable him to see something of the world, and give him an interest in his profession.

10. In short, the Soldier has the advantage, if he conduct himself well, of being well cared for, sufficiently paid, and, at the end of his time, provided with a subsistence; besides receiving a distinguishing medal, showing his Sovereign's approbation of his having done his duty well and faithfully to his Country.

No labouring man, and very few workmen, can feel sure of greater advantages than these now held out to the good Soldier, especially as regards the three important items of Lodgings, Food and Clothing.
